

## Hall 1: Drilling Services Preliminary Agenda

08.15 Registration & Morning Refreshments

09.25 Organiser Opening Speech

09.30 Health & Safety Brief

\*All delegates are asked to gather in Hall 1 (Vladimir) to listen to the opening presentation.

09.35 Gazprom Neft: Development of the High-technology Drilling Services in Russia  
Alexey Cherepanov, Operational Efficiency and in-house OFS Manager  
& Ruslan Kalmanov, Project Manager

\*All delegates interested in Hall 2 (Moscow) will be requested to move to Hall 2.

### 09.55 Roundtable Session 1:

#### Drilling and Well Completions

LUKOIL-Engineering: Implementation of New Well Construction Technologies at LUKOIL  
Andrey Vervekin, Chief Specialist, New Drilling Technologies, Drilling and Completion  
Technologies Departments

Tatneft: New Organisational Approaches To Well Construction  
Rinat Shafigullin, Deputy General Director for Workover, Drilling & Enhanced Oil Recovery

Schlumberger: Benefits of Applying Pressure and Mobility Measurements in Well  
Construction: Caspian Region Case Study. Akikat Makhmotov, Reservoir Domain Champion

11.20 Coffee Break

BP: The Dangers of Applying Unconventional Horizontal Fracturing Techniques to  
Conventional Tight Reservoirs. Presenter - Graham Clark. Author - Martin Rylance

Sakhalin Energy Investment Company: Offshore Gravel Pack Installations in ERD Wells  
Aleksy Vladimirovich, Senior Completions and Well Intervention Supervisor

LUKOIL: Construction of TAML5 Offshore Multilateral Wells in the North Caspian  
Alexander Kim, Head of Drilling Support Group

13.05 Lunch

### 14.15 Roundtable Session 2:

#### Drilling Fluids

Rosneft: Reducing Environmental Impact by Using Effective Oil Based Mud  
and Cuttings Recycling. Dmitry Krepostnov, Project Engineer, Technology and Engineering  
Division, Well Construction Department Rosneft Executive Office

PSK Burtehnologii: Drilling Muds: Setting Industry Records with RN-Yuganskneftegaz  
Sergey Pilgun, Technical Director

## Hall 1: Drilling Services Preliminary Agenda

---

15.40 Coffee Break

### 16.00 Roundtable Session 3:

#### Well Integrity - Casing, Drill Pipe and Ware Prevention

##### SSC: Tribological Testing and Assessment of Hardbanding Wires

Sergej Fedorov, Doctor of Technical Science, Professor, Bauman Moscow State Technical University

##### Hardbanding Solutions: Essential Factors Which Should Be Considered in Hardband Material Selection. Colin Duff, Director

##### Arnco Technology: Diligent Hardband Maintenance Saves Money

Don Bishop, Director, Business Development

##### National Oilwell Varco: New Technologies of the Leading Manufacturer of Drill Pipes and Drill Stem Accessories. Yury Alexandrovich Bredelev, Head of the Department of Drill Pipe and Drill Stem Accessories – Russia & CIS

##### Tuboscope: New Technologies and Servicing of Drill Stem Elements.

Tikhomirov Vladimir Igorevich, General Manager

17.25 Close of Conference, Cocktail Reception

## Hall 2: Drilling Equipment & Control of Drilling Operations

08.15 Registration & Morning Refreshments

### 09.55 Roundtable Session 1:

#### Rig Session

NOVATEK: Drilling Support Centre - Drilling Complex Wells.

Maxim Grigoriev, Head of Drilling Support Centre

Salym Petroleum Development B.V.: HSE Achievements at SPD

Drillmec: HSE Achievements at SPD

11.20 Coffee Break

### 11.40 Roundtable Session 2:

#### Rig Equipment

SC Gazpromneft – NNG: Technical Limit in Drilling. Dmitry Zorin, Project Manager

FORUM ENERGY TECHNOLOGIES, INC. Forum B + V Oil Tools GmbH: Efficient Solutions, Product Additions and Traceability. Christian Cordes, Country Manager Russia

McCoy Global: Wireless Torque Subs and IRTT: Iron Roughneck Torque Tester

Andrei Dmitriev, Sales Manager, Canada & FSU

13.05 Lunch

### 14.15 Roundtable Session 3:

#### Drives for Rigs

Tatburneft: Power Supply And Control Systems - Improving Reliability and Performance

Oleg Nikulin, Chief Power Engineer

SIEMENS: Modern Solutions in Drilling. Khismatullin Ruslan, Head of Business-Unit

ABB Discreet Drives & Automation: Innovative ABB Products and Solutions for Drilling. Enver Shulgin, Vice-president, Local Division Manager, Robotics and Motion Division ABB in Russia, Belarus and Central Asia

15.40 Coffee Break

### 16.00 Roundtable Session 4:

#### Power Generation

Salym Petroleum Development B.V.: Efficiencies in Slim Hole Drilling

Antoine D'Amore, Front End Engineering Manager, SPD

MTU: Powering Your Rig with MTU

Christian Goy, Manager Sales Mining, Oil & Gas

Caterpillar Oil&Gas: New Power Solutions for Drilling

Sergey Chernyshov, Key Account Manager

17.25 Close of Conference, Cocktail Reception
